Everything I am  
The child in me, the wild in me  
The part that's safe and the part that's free  
The part of me here for the world to see  
Everything  
All of it

Take me as I am  
The fool in me, the cruel in me  
One side that's soft, the other firm  
A soul that knows and a heart that learns  
All for you  
Everything

Turn down the corner of my best pages  
Easily find your favorite places  
Hold me up high take a rest Orion  
Or blow me away like a dandelion  
I hold nothing back  
One part cries and one enjoys  
One creates and one destroys  
That is everything  
Everything I am

Feel like a kite on a mile long string now  
You hold the end you hold everything now  
Hold me and need me as we might even  
Fly off and blow away while we're dreaming

Every part of me  
My shadow on the wall, my footprints in the sand  
Shall we spend the night or never let it end?  
I want all of you  
Is everything I am!
