Did he really get to take you home?  
I'm surprised that you chose him.  
I'm surprised that i'm not in a halfway home  
I'm not surprised i never saw you alone  
when they brought me home.  
so who does this separation work for?  
so which one of us could wage one more  
it's not about the feelings that we shared before, no  
cuz your words don't calm anymore  
no more, what did you want me for?  
how do you call what we have love  
when you dont even notice  
that look upon my face?  
yeah i've done this before  
you'll be sorry when im gone  
yeah you waited too long.  
and did you really think id take it  
with information fabricated?  
look i give you credit for pathetically thinking that  
you could make this up.  
watch this  
she turns about face  
she stays in a house in vegas place??  
helpless you know that im away  
???? sitting in a hotel crazy  
???on the phone, breaking records  
telling me theres something wrong  
already?? you dont want me to know

how do you call what we have love  
when you dont even notice  
that look upon my face  
yeah ive done this before  
youll be sorry when im gone  
yeah you waited too long  
(x2)  
this is urgent  
call them emergencies  
i dont know how to stop them  
woke up gun in the pistol??  
you fill your clip with lies

then load each one and fire right over my head  
i need a finish line  
this pressures too hard  
i shouldve seen the end was coming sooner than I ever  
did  
reach down in the pit of my soul  
i felt things that i didnt want to know were there  
i guess the wait is over  
how do you call what we have love  
when you dont even notice  
that look upon my face  
yeah ive done this before  
youll be sorry when im gone  
yeah you waited too long  
(x2)
