[Talking]

Hey, What-Nots, what's happenin?

The Moments, what it is, brother?

Hey let's talk about what we know how to talk about
best

And what is that?

Girls

Right on!

[Singing] Girls, I like 'em fat, I like 'em small

Some skinny, some tall, I got to get to know them all

[Beat Change]

[Chorus]

I know this is true

Big girls need love too

I'm not lyin when I'm talking to you

Skinny girls need somebody to call 'em boo (*2X*)

You got a body that it takes a horny man to appreciate

I'm not the type of guy to trip about your weight

Uh uh, you my plus size princess

It must of took three people to get you in that dress

When I seen your big booty I flip my wig

But everything else about you is just as big

You're built like Jabba the Hut with two butts

One in the back, one in the front

Got my mind on my money and my money on your
food

Cause if I don't take you out to eat you'll catch an
attitude

I'm no Denzel when it comes to pull

I know you're only with me because I keep you full

I used to come over with condoms to smash in you

But now I bring a snack for you

Twinkies always seem to get your ass in the mood

And when you're done grubbin, we go back to your
room

You're so freaky when it's time to get it on

Sometimes we put ketchup on the bed before we bone

If you haven't had a big girl, let me describe it

It's like havin sex with a wider bed
But who needs a bed when you're there to lay on
Who needs a pillow when I got your big arm
I love gettin lost inside your big body
I'll let you anything, except ride me

She's double my body weight, double my fun
I'm doubling my pleasure like double mint gum
Double my body weight, double the fun
I'm doubling my pleasure like double mint gum

[Chorus]

You got a body that it takes a horny man to appreciate
I'm not the type of guy to trip about your weight
Uh uh, I know why you been skipping dinner
Them white boys been telling you you need to be
thinner
I used to get uncomfortable whenever we ate
Cause you would just sit there and stare at the plate
But I been saving hella money since I know what's up
No more dinner dates cause you'll just throw it up
But I still got love for you
Even though I don't know what to do
Everywhere we go people give grub to you
Cause you look like a hungry P.O.W
Sometimes I just feel like leaving
I wanna break up with you but you won't give me a
reason
We been together three years, I've never seen you
eatin
You're so skinny I can see your heart beatin

You're half the calories and half the fat
But Blueprint still loves you even though your chest is
flat
You're half the calories and half the fat
But Blueprint still loves you even though your chest is
flat, girl

[Chorus]

Ayo, fat girl
Come here, are you ticklish?
Ayo fat girl
Yeah, I called you fat
Ayo fat girl
Ayo fat girl
Ayo fat girl
Look at me, I'm skinny ---> (Digital Underground, The
Humpty Dance)
