There's a smoking gun where the sirens end
Hear the battle drums, see the tribes descend
We can stand apart, we can stand together
Can they leave your heart, and take me forever?

While the shrapnel falls, I hear your call
You cry out for me
And I will come, I will run
To be by your side
If the silence wins, I will guide you in
I will be your voice
They can take my soul, be the Hands I Hold
I will sacrifice
And I watched you rise in the dawn of tears
And I saw you fight all my darkest fears
We can win this war if we rage together
I will guard your door, I will stay forever
While the shrapnel falls, I hear your call
You cry out for me
And I will come, I will run
To be by your side
If the silence wins, I will guide you in

I will be your voice

They can take my soul, be the Hands I Hold

I will sacrifice

There's a war outside, one in here too

Well we're done fighting, we only want the truth

There's a war in here, well we'll find peace

Well we're done fighting, we only want relief

[Chorus] x2

While the shrapnel falls, I hear your call

You cry out for me

And I will come, I will run

To be by your side

If the silence wins, I will guide you in

I will be your voice

They can take my soul, be the Hands I Hold

I will sacrifice
