(FULL lyrics to "Late Late Show w/ Craig Ferguson)

It's hard to stay up, it's been a long, long day and
you've got the sandman at your door
But hang on, leave the TV on and lets do it anyway
It's okay, you can always sleep through work tomorrow,
okay
Hey, hey, tomorrows just your future yesterday

Tell the clock on the wall, "forget the wake-up call"
'cause the night's not nearly through
Wipe the sleep from your eyes, give yourself a
surprise, let you worries wait another day
And if you stay too late at the bar, at least you made it
up this far
So make up your mind and say lets do it anyway
It's okay, you can always sleep through work tomorrow,
okay
Hey, hey, tomorrows just your future yesterday

Life's too short to worry about the things that you can
live without
And I regret to say the morning light is hours away
The world can be such a fright but it belongs to us
tonight
What's the point of going to bed? You look so lovely
when your eyes are red

Tomorrow's just your future yesterday

The world can be such a fright but it belongs to us
tonight
Whats the point of going to bed? You look so lovely
when your eyes are red

It's hard to stay up, it's been a long, long day and
you've got the sandman at your door
But hang on, leave the TV on and lets do it anyway
It's okay, you can always sleep through work tomorrow,
okay
Hey, hey, tomorrow's just your future yesterday

Tomorrow's just your future yesterday
