WHISPERS IN THE DARK

Bob Crosby

- From movie "Artists and Models"

Whispers in the dark
Two shadows in the night
So gentle and so tender that every little word
Is like a song of sweet delight
Whispers in the dark
How heavenly they seem
When lips and arms surrender and ev'ry little kiss
Is like a dream within a dream
But soon the breezes whisper to the trees
That dawn is near,
So soon their little paradise of love will disappear
Whispers in the dark
While stars are in the blue
Upon a night like this perhaps I'll hear
A little whisper in the dark from you
