Every Sunday I will go down to the bar
And leave him the guitar

You say you want me
I want another
Say you dream of me
Dream of your brother
Oh, the stars shine so suspiciously
For we three

You said when you were with me
That nothing made you high
We drank all night together
And you began to cry so recklessly
Baby, please don't take my hope away from me

You say you want me
I want another, baby
You say you wish for me
Wish for your brother
Oh, the dice roll so deceptively
For we three

It was just another Saturday
And everything was in the key of a
And I lit a cigarette for your brother
And he turned and heard me say so desperately
Baby, please don't take my hope away from me

You say you want me
I want another
You say you pray for me
Pray for your brother

Oh, the way that I see him
Is the way I see myself
So please stand back now
And let time tell you

Oh, can't you see
That time is the key
That will unlock the destiny

Of we three?

Every night on separate stars
Before we go to sleep we pray so breathlessly
Baby, please don't take my hope away from me
