[INTRO]

As minds slip into the dreamland of insanity,
A pure fantasy for all the lives condemned,
The game begins and all morals destroyed,
Illusions of perfection plague this reality.

[VERSE]

Subconscious shackled into the orders of the ignorant,
Conforming to stereotypes in pursuit of affection.

Can you hear the voices surrounding me?
A swelling chorus of pure insanity,
The voices now show reason,
The life you lead is fucking treason. [X2]

So fall victim to your dreams,
Only seeing what you want to see.
Because I see the real world,
And even at the world's end you refuse to believe.

[CHORUS X2]

Follow the motions
Ignore the signs
Even a blind man
Can see their lies

[VERSE]

Escape into your mind, the one place where you're free
From social obligation to right the wrongs you see.

Practice what you preach, mean every word you say
That's the only way to make this hell go away. [X2]

A step further, a second longer.
Trapped inside a feeble mind.
Memories shatter like glass,
And scatter across the seas . [X2]

[CHORUS X2]

[VERSE X2]

A step further, a second longer.
Trapped inside a feeble mind.
Memories shatter like glass,
And scatter across the seas.

[OUTRO X2]

So fall victim to your dreams,
Only see what you want to see.
Because I see the real world,
And even at the worlds end you refuse to believe.
