Going where the light shines bright  
You know that's where I'm bound  
I'm not gonna give up the fight  
Until the spotlight's found  
The pot of gold at the end of the rainbow - Ooooooh

You know I'll do it anywhere  
I'll rock in any town  
Just as long as I can feel  
That I'm getting down  
I'm getting down, I'm turning around and I'm -

Ohhh I'm hooked on music  
Hooked on music  
Hooked on music  
Hooked on rock and roll - Lookout!

Hooked on music  
Hooked on loving you  
Hooked -

You know when someone feels like this  
There's not much they can do  
But now that I've found you know  
You know I'm not so blue  
I'm not so blue cause I love ya  
Cause I need you  
Cause I love ya honey  
Cause I need you and I'm -

Hooked on music  
Hooked on music  
Hooked on music - Yeah

Hooked on music - Yeah yeah  
Yeah yeah
