The time has come for me to put you straight  
Not another second or minute  
This just can't wait

Have you felt the pain  
When it's all the same  
The highs and lows just become one big middle of the  
road

So if you give me a minute I'll try to explain  
Oh the way I felt when you're left again  
So ashamed  
I'm lost again

And Susie it's lovin you that's in my soul  
So how can I have faith  
So cold to you

And you are the everything that I know is true  
The sun was hard on my face  
But my mind was too

Have you felt the pain  
When it's all the same  
The highs and lows just become one big middle of the  
road

So if you give me a minute I'll try to explain  
Oh the way I felt when you're left again  
So ashamed  
I'm lost again

Lovin you is in my soul  
Lovin you is in my soul

Lovin you is in my soul  
Lovin you is in my soul

Lovin you is in my soul  
Lovin you is in my soul
