"Runnin' from the Future"

Visit "[Runnin' from the Future](#)" on MotoLyrics.com

I'm just runnin' from the future
Hiding in the past
I'd really like to see how long
Oh I can make this thing last

Oh I never think of dying
Though I know that it's a fact
But if I don't stop my speedin'
Oh I'll stop and I'll never come back

I'll never come back
To all the things I love
Baby like you
and diggin' all the things that you do

You know that this life is never easy
Every bit of good has some bad
So now that I've found there's someone like you
Oh I can't help but feel bad

That I'm livin' for the future
Oh I'm learnin' from the past
Now I'd really like to see how long
Oh we can make this thing last
