I know I'm to let you in  
That's just my role yeah  
And to do it so easy  
As you walk through my door

I guess I know you belong  
When the morning comes you're always gone  
You slip out so easy  
So no one ever gets to keep you

Always when you're in my bed  
Ghosts appear inside your head  
But you never let me in  
So why don't you stay  
Why don't you stay tonight  
I just can't mend you  
and then send you on your way

As I'm watching you change  
Thinking why don't you stay

You're always turning off your phone  
To make them think you sleep alone  
Is it really that easy  
So no one ever gets to keep you

Always when you're in my bed  
Ghosts appear inside your head  
But you never let me in  
So why don't you stay  
Why don't you stay tonight  
I just can't mend you  
And then send you on your way

Why don't you stay  
Why don't you stay tonight  
Do you think it better - oh  
If we never see the light of day

It's a long dark night  
As I lay awake

Knowing you're only here  
To try to escape

Why won't you stay  
Why won't you stay tonight  
Do you think it better  
If we never see the light of day

Why don't you stay  
Why don't you stay tonight  
Well I just can't mend you  
And then send you on your way

Why don't you stay  
Why don't you stay tonight  
Do you think it better  
If we never see the light of day

Why don't you stay  
Why don't you stay tonight  
Do you think it better  
If we never see the light of day

As I'm watching you change  
Thinking why don't you stay
