You don't love me like you should - oh no
You don't love me like you should - oh no
I give you all my lovin baby
Why can't you see me through

I see you walking I know it's true
I see you walking I know it's true
You like to walk all over me babe
Why do you do what you do
(Oh you do it great)

If we can't get it together
I'm going where there's nicer weather
Yi yi yeah oh oh oh - oh oh oh yeah

You don't love me
You don't love
You don't love me
You don't love
Oh oh

You see me walking you know it's true
You see me walking you know it's true
Better find somebody else baby
Someone to see me through

(Oh you're gonna see me walk on by)
