A borderline people, stomp your feet  
If life gives you lemons, well, make lemon treats  
I've tried to read your facial expression  
Well, it looks like you're waiting for the Great Depression

If you must be down, well, be down on your knees  
Because this heart is not broken, it just needs new batteries  
Put your spoon in my coffee cup  
I know things we can do and then say we did not

Shake your tail feather, shake your tail feather  
Do you want to hula with the Bonahula  
On the private island called My Mind?  
Shake your tail feather, shake your tail feather  
Do you want to hula with the Bonahula  
In the secret corner of my mind?

I know it seems surreal  
But that's part of the meal  
Listen to the fish, it's a poetic dish  
Just park your worries  
If it barks, it's furry  
It's not depraved, it's just a little over-raved

I'm not too old yet, so just go ahead  
Giving head while we drive the sled  
It's not rocket science, just ignore the glitches  
I've got ninety-nine problems and they're all biii-

Shake your tail feather, shake your tail feather  
Shake your tail feather, shake your tail feather  
Do you want to hula with the Bonahula  
On the private island called My Mind?  
Shake your tail feather, shake your tail feather  
Shake your tail feather, shake your tail feather  
Do you want to hula with the Bonahula

In the secret corner of my mind?

I said it before and I'll say it again

Primitive is the new divine

And I said it before and I'll say it again

If you don't laugh at yourself

This life will last so much longer than, ah, shiii-

Shake your tail feather, shake your tail feather

Shake your tail feather, shake your tail feather

Do you want to hula with the Bonahula

On the private island called My Mind?

Shake your tail feather, shake your tail feather

Shake your tail feather, shake your tail feather

Do you want to hula with the Bonahula

In the secret corner of my mind?

Shake your tail feather, shake your tail feather

Shake your tail feather, shake your tail feather

Shake your tail feather, shake your tail feather

Shake your tail feather, shake your tail feather

Do you want to hula with the Bonahula

On the private island called My Mind?
