Me and Sue in the summer time  
Playing football everywhere  
Getting tired, have some wine  
Having parties everywhere

We were dancing, with the people  
We were dancing, disco fever

Sexy Eve in the summer time  
Takes her clothes of everywhere  
Looking hot and feeling fine  
Take her picture everywhere

Kick your shoes off and follow me  
Susan takes us to the sea  
Having cocktails with a straw  
The best band I ever saw

We were dancing, with the people  
We were dancing, disco fever  
We were dancing, with the people
