It's funny how a morning turns a love to shame  
Disguised and disfigured  
And you thought I tasted like rain  
There's nothing here but a shadow nothin' here

Now you know  
Now you know  
Now you know  
Now you know  
There's nothin' here but the shadow  
And now you know

I spit, I spit in the eye  
I tear, I tear out my heart  
And I scatter the bits  
I stay unseen by the light  
I stay untold by the truth, I'm sold by a lie  
By this I am able in all of my travels  
To make these memories quit  
But tonight I clearly recall every little bit

I can chew like a cannibal, I can yell like a cat  
I've even had you believing that I really  
Really like it like that, like that, like that, oh  
But there was never a moment, not a moment

Now you know  
Now you know  
Now you know  
Now you know, know  
You ever got within a hundred  
Million miles of my soul

I spit, I spit in the eye  
I tear, I tear out my heart  
And I scatter the bits  
I stay unseen by the light  
I stay untold by the truth, I'm sold by a lie  
By this I am able in all of my travels  
To make these memories quit  
But tonight I clearly recall every little bit

Every little bit  
Every little bit  
Every little bit  
Every little bit

You left open the window till the morning  
And the winter walked in  
Reality fired her wooden bullet, splintered under our  
skin  
They say I'm walking on freedom, this is freedom

Now I know  
Now I know  
Now I know  
Now I know, know  
I still don't blame you for leaving, baby  
It's cold living with ghosts

I spit, I spit in the eye  
I tear, I tear out my heart  
And I scatter the bits  
I stay unseen by the light  
I stay untold by the truth, I'm sold by a lie  
By this I am able in all of my travels  
To make these memories quit  
But tonight I clearly recall every little bit

Every little bit  
Every little bit  
Every little bit
