Here's your moon

Here's your stars

Go now

Go now

Here's the sun

Here's the birds

Here's you are

Go now

Go now

Got a stellar reputation

As the star that never fell

As the train that left the station

As the secret that no one could ever tell

Here's the lamp

Here's the landing

We might never understand it

Go now

Go now

Here's the trees red and gold

Here's the snow

Here we go now

Let's go now

I was waiting for the leap year

And got caught out in the rain

Singing like a sparrow

Always planning my narrow escape

Here's the morning shining on us

Here's the twilight upon us

Here's the moon

Here's the stars

Here I am

Here you are

Let's go now
