Sometimes you fly so high
You really need to fall
You think you wanna die
You need to cry alone (?)
You don't feel anything
No sorrow no danger nothing
Someone was asking you
Where do you wanna go
You didn't seem to care
You didn't seem to know
You never ask for much
just wanna feel the touch and the chill

Sooner or later, Sooner or later you will
Sooner or later, Sooner or later you will

Sooner or later, Sooner or later you will
The snow is coming down
Outside the motel walls
You feel a little chill
You need to cry is all (?)
The night is moving slow
And you're just so tired, I know
So be still
Baby be still

Oh yeah
Sooner or later, Sooner or later you will
Sooner or later, Sooner or later you will
