Tiger Nights

(words and music by Richard Barone and James Mastro)

tiger, tiger
there are some things
i dream about
in the bushes
hidden kisses
you turn around
and i see you
wearing something
striped in black...

well live
just like a tiger
and do what we want when we do
well love,
and then our dreams of the kill will come true

winds of passion
this is something
ive dreamed about
and tonight im
gonna tell you
what ive cried about --
deep inside me
there is something burning bright for you
tiger, tiger
in the bushes
gonna wait for you

and then well love
just like a tiger!
our friends they will call on the phone
and well long
for what the jungle has taken away

well love
just like a tiger

and do what we want when we do
well fight
and then our dreams of the kill will come true
