"Totem Pole"

i'm a totem pole
'got a wooden soul
i can count backwards

you wear stolen chains
a mystery train
off the track backwards

now i'm not so sure
now i'm not so sure
seemed so much better before
now i'm not so sure

walls of sky conceal
a giant wheel
you can hide or play it

hands of faith can heal
a soul of steel
you can lie or say it

now i'm not so sure
now i'm not so sure
seemed so much better before
now i'm not so sure
