We're better than you cos you've got nothing to do
While our daddies give us cash to top up our favourite
Stash. End of.
We're better than you

You must kiss our arse. Can't you see we're upper
Class?
And you know we've got the dough cos we are all
fucked
On snow. Sing it.
We're better than you.

Hail to Satan! Hail to satan! Look at all the money
We've got.
I did no work but I've got loads of money
Look at all the money we've got.

Make the poor ones walk the plank. It is obvious
They're skanks.
And twist off their rotten arms cos we rip off twisted

Charm...
We're better than you.

They burnt down the jewish school! Oh my god that is
Not cool.
They burnt down the jewish school! Oh my god that is
Not cool.
We're better than you.

Hail to Satan! Hail to satan! Look at all the money
We've got.
I did no work but I've got loads of money
Look at all the money we've got.
J to da Jude Law, Sienna Miller. Look at all the money
We've got.
We did no work but we're rollin' in dough.
Look at all the money we've got.
