Hands up  
I got my eyes facing down  
I shudder when my tears come down  
Slowly down

Hands up  
I got my eyes facing down  
I shudder when my tears come down  
So slow down  
So slow down

Suddenly my tears come down  
Slowly down

Hands up I got my eyes facing down  
I shudder when my tears come down  
Slowly down  
So slowly down

Hands up I got my eyes facing down  
I shudder when my tears come down  
Slowly down

Hands up I got my eyes facing down  
I shudder when my tears come down  
So slowly down  
So slow down
