We don't need no truth, got planted now  
It grows on trees  
I don't let it... or 8 side loose  
There's no saint and there's no sinner  
Done more dirt than these  
I know that we can do more right than these  
I need to find a paradise for me

We just ask about  
God is ready, but you don't wanna  
No one tell me, heaven's waiting  
For the sinner,  
It's steady waiting

World keeps turning  
Shine on light  
Shine all time  
Heaven's waiting, for the sinners

We just ask about  
God is ready, but you don't wanna  
No one tell me, heaven's waiting  
For the sinner,  
It's steady waiting  
We just ask about  
God is ready, but you don't wanna  
No one tell me, heaven's waiting  
For the sinner,  
It's steady waiting
