Here we are  
I feel fine  
When you're full  
Full of cries  
When I saw the light  
The only thing I heard  
Heard it was dark

Oh, it's time to go  
The light  
They have come  
They took me high  
In heaven  
And it was nice  
Oh love  
'Cause it was nice  
So nice

Here we are  
You make it good  
When you die  
Die will I feel  
That it's so easy  
In the dark  
Where I can't see  
No, nor feel

Oh, it's time to go  
The light  
They have come  
They took me high  
In heaven  
And it was nice  
Oh love  
'Cause it was nice  
So nice

Oh, it's time to go
