Island of Time  
By Patty Larkin  
Got the chills in my bones  
Misty morning  
Far away from home

I've been stranded  
on a mountain  
Standing on an island of time

Caught the green in my shoes  
Saw a million  
different shades of blue  
I went walking  
down a highway  
Turned and waited --  
You came smiling by

Up ahead and around the bend  
Give a cheer  
in the mandolin wind  
It's been blowin'  
Along the coastline  
Keep on goin'  
I'm right behind you now

Grab my hand, 'cause I'm a ragged soul  
in an ancient town  
on an age old road  
and I'm swearin'  
I'm glad I met you  
Swearin' - never gonna let you down

and I'm swearin'  
I'm glad I met you  
Swearin' - never gonna let you down
