(Chorus)

Nothin on this earth can rock me
Like a juggalette
Kissing up and down her neck and
Talking dirty til she gets wet

Ladies in clown makeup and
Milenko thongs listen up
I'm a spit this lyrical message
Until I've had enough

(Chorus)

Nothin on this earth can rock me
Like a juggalette
Kissing up and down her neck and
Talking dirty til she gets wet

Take this for example,
Recently there's been a lady
Gorgeous Juggalette who
I can call my brunette baby

Loves it when I hold her tight and
Stick my hands between her thighs
Tears of ecstasy and passion
Slowly drippin from her eyes

Took her panties off
And rolled my tongue right down
Her f***ing chest
To the best p***y ever tasted,
F*** it was the best

Reached up with my arms
And she grabbed and
Tightly held my hands
Telling me how good it felt
So I continued with my plans

Dug a little deeper with my tongue
Until I hit the knot
Gripped my hands tighter

As my tongue tickled her G spot

Next thing that we did was
To create one being from two
Got her up on top and
F***ed her as the Juggalos do

Never felt the passion from
Another Juggalette before
That was days ago
And I'm still here cravin more

Gotta tell this Juggalette
In some form, in some way
I still got more to say and that
Boo still wants to play

This song goes out to all of you Psychopathic
Juggalettes
Listen to me closely so that
I can get this off my chest

(Chorus)
Nothin on this earth can rock me
Like a juggalette
Kissing up and down her neck and
Talking dirty til she gets wet

Juggalettes listen up,
I'm a talk about them
Silly f*ggot pop punks
Them jockey sports hunks
The ones that dress to impress
And always buy from the best
The f**k they got to offer you
Besides a shaved chest?

It's what a juggalo like me can
Offer you just every time
Pourin' Faygo down ya t! ts
As we hand you to the sweet sublime

A juggalo will strip you down and
F**k you in his facepaint
Chew off your panties and
Lick your p***y til you faint

This song goes out to all of you Psychopathic
Juggalettes
Listen to me closely so that
I can get this off my chest

(Chorus)
Nothin on this earth can rock me
Like a juggalette
Kissing up and down her neck and
Talking dirty til she gets wet

This song goes out to all of you Psychopathic
Juggalettes
Listen to me closely so that
I can get this off my chest

(Chorus)
Nothin on this earth can rock me
Like a juggalette
Kissing up and down her neck and
Talking dirty til she gets wet

This song goes out to all of you Psychopathic
Juggalettes
Listen to me closely so that
I can get this off my chest

(Chorus)
Nothin on this earth can rock me
Like a juggalette
Kissing up and down her neck and
Talking dirty til she gets wet
