I feel the blues comin' on  
'Cause I feel you being gone  
Something I wish I could lose  
Baby's gone blues

There ain't no sunshine in sight  
'Cause you're gonna leave me tonight  
My heart is sure feelin' blue  
Baby's gone blues

Ooh love has gone wrong  
It's so hard on my heart  
Goin' from good into gone  
Ooh there ain't no easy way back  
Into nights before you  
Baby's gone blues  
Baby's gone blues

It's like a razor on me  
Knowin' you want to be free  
I'm standing here feeling blue  
Baby's gone blues

There ain't no dreams comin' true  
I won't recover from you  
There ain't no heartache like you  
Baby's gone blues

Ooh love has gone wrong  
It's so hard on my heart  
Goin' from good into gone  
Ooh there ain't no easy way back  
Into nights before you  
Baby's gone blues  
Baby's gone blues
