"Boys Are Back In Town"

Visit "[Boys Are Back In Town](#)" on MotoLyrics.com

Gather round ladies gather round hear the news that's
comin' down
The ships are in and the sails are down the boys are
back in town
Get your skirts down off the rack the boys are in and
the boys are back
And no time now for takin' slack the boys are back in
town
Well the boys are back in town your true love can be
found
Gather round the old playground the boys are back in
town
[banjo - dobro]
They've been gone for quite a while man it's good to
see 'em smile
Now they're loaded up on style the boys are back in
town
Come in the house get out of the cold see 'em comin'
down the road
Gonna raise some hell cause don't you know the boys
are back in town
Well the boys are back in town...
Well the boys are back in town...
[fiddle]
