Don't let me cross over love's cheating line
I'm tempted, my darling, to steal you away
Don't let me cross over, stay out of my way
You know that I love you and I'm not the stealing kind
But I'm faced with heartache and love's cheating line

Don't let me cross over love's cheating line
You belong to another and could never be mine
I know one step closer, would be heaven divine
Don't let me cross over love's cheating line

I tried to forget you, but what else can I do?
When your eyes keep on saying that you love me too
I know if I lose you, not a dream do I have left
I don't wanna cheat, dear, but I can't help myself

Don't let me cross over love's cheating line
You belong to another and could never be mine
I know one step closer would be heaven divine
Don't let me cross over love's cheating line
Don't let me cross over love's cheating line
