Sometimes I get so angry with you
You treat me like an old worn out shoe
I've been here for you, for oh, so long

One day you could reach and find me gone
One of these mornings, I could wake up with wings
And I'll be singin'

Fly away, I could fly away
And if I'm in your way
I could be gone tomorrow

Some days I love you
Some days I don't
First you say, you will
And then again you won't

Well, I guess all love
Has it's ups and downs
And maybe that's why
I stay around

But a woman can hurt
For just so long
And she'll start singin'
That travelin' song

Fly away, I could fly away
And if I'm in your way
I could be gone tomorrow

Should be easy to keep
Our love alive
There is no reason
That we can't take the time

Yet, we live as if we have centuries
All the world at which to be
But the end could come at any time
For a love like your's and mine

Fly away, I could fly away

And if I'm in your way
I could be gone tomorrow

Tomorrow
I could fly away
I could fly away
I could fly away
I could fly away
