Don't do it darlin'  
Don't you dare look in there  
You said you didn't want to see me  
But you've been lookin' for me everywhere  
And you know that you're gonna find me  
If you keep on drinkin' fast  
'Cause honey I'm right there waitin' on you  
At the bottom of your glass

And here I am  
Here I am  
In the bourbon and the water  
That burn you just like a brand  
Here I am

It ain't workin' darlin'  
Hard as you may try  
You keep hearin' the words you told me  
In everyone's goodbye  
And you know that you're just one step  
From another one being gone  
I know I've seen 'em all unravel  
I've been watchin' it all along

And here I am  
Here I am  
In every lie you're hearin'  
That burn you just like a brand  
Here I am

And honey, I got over you passin' me over  
A long time ago  
And my pride was stronger when I was younger  
Now I'd rather have you to know

That here I am  
Here I am  
I still carry a flame for you  
Burnin' me like a brand  
Here I am
