I don't love him anymore just ask all my friends  
I've told them and I tell them time and time again  
I don't have no regrets no I'm not that kind  
Honestly he's the last thing on my mind  
When the day turns into dusk the shadows start to fall  
And this empty bed's as big as Arkansas  
And when I'm drifting off to sleep something in my  
broken heart rewinds  
He's the last thing he's the last thing on my mind

Now rushing through the day I might seem improved  
There isn't time to second guess my foolish moves  
No I can only see once the lights go out  
What it is that I can live with and without  
When the day turns into dusk...  
[ steel - fiddle ]  
When the day turns into dusk...  
He's the last thing he's the last thing on my mind yeah
