I heard you slippin' down the hall
Tell me did your shadow trip and fall
Over you babe
Movin' that slowly

Did you think you could waste my time?
Comin' messin 'round with my mind
Did you think you could?
Well you don't know me

Where'd you get that alibi?
Did it fall out of the midnight sky
Or did you find it
On the side of the road?

And tell me
Did you have to make a deal
Or wrassle for control of the wheel?
From your conscience, I'd like to know

Where do you go
On your way home?

You know some day I'd like to fly
Like a bat out of Nashville
Why don't you help me
And tell me the truth?

'Cause the truth is gonna set you free
If you keep on liein' to me
I might stay right here
Just to spite you

Where'd you get that alibi?
Did it fall out of the midnight sky
Or did you find it
On the side of the road?

And tell me
Did you have to make a deal
Or wrassle for control of the wheel?
From your conscience, I'd like to know

Where do you go?
Where do you go?
Where do you go?
On your way home
On your way home

Where'd you get that alibi?
Did it drop out of the midnight sky
Or did you find it
Liein' on the side of the road?

Was it ever a long, long drive?
Did you ever stop once to cry?
Was I worth it?
I think, I know

Where do you go?
Where do you go?
Where do you go?
On your way home
On your way home
