Did you ever meet somebody that likes all the same  
things you do  
Somebody who can make you or break you anytime  
they want to  
I met him at a red light, love at first sight, can it be true  
He's good for me and he told me I was good for him  
too

Now I don't want to jump into anything  
I've been trying to use some self restraint  
But man it's amazing he's the same kind of crazy as  
me

I have to use a ladder 'cause I keep climbing down just  
to kiss him  
If he's out of my sight for a minute or two I start to miss  
him  
We stay all tangled up in each others arms and it's so  
nice  
He talks in his sleep but he always gets my name right

If there's anything at all that's wrong with him  
It's something I just can't see  
Ain't no doubt about it, he's the same kind of crazy as  
me

Wild, wild nights, chasin' each other through the  
moonlight  
My, my, my, I finally got something just right  
'Cause every little off beat move that he makes suits  
me to a tee  
You know what I'm sayin', he's the same kind of crazy  
as me  
He's a crazy, same kind of crazy, same kind of crazy,  
same kind of

Oh, wild, wild nights, chasin' each other through the  
moonlight  
My, my, my, I finally got something just right  
'Cause every little off beat move that he makes suits  
me to a tee  
You know what I'm sayin', he's the same kind of crazy

as me

You know what I'm sayin', he's the same kind of crazy  
as me

You know what I'm sayin', he's the same kind of crazy  
as me

Same kind of crazy, same kind of crazy, same kind of
