Everybody's had the blues  
Days when it comes undone  
This really shouldn't bother me  
I know I'm not the only one  
To break down and cry  
I don't know why it has to be so hard

I could've left this road I'm on  
Turned around a thousand times  
Surrendered to the great unknown  
Give up and leave it all behind  
But this is my dream  
My life and everything I've prayed for

It takes a strong heart  
To see love through  
It takes a lot of faith  
More than I ever knew  
To cry and never let it show  
To hold on tight and not let go  
It takes a strong heart  
A strong heart and you

I keep it hidden deep inside  
It's just a phase im going thru  
I show the world a pretty face  
But I'm not really foolin you  
'Cause you know how I feel  
You know how to heal  
This wounded pride

It takes a strong heart  
To see love through  
It takes a lot of faith  
More than I ever knew  
To cry and never let it show  
To hold on tight and not let go  
It takes a strong heart  
A strong heart and you

I don't know what I'd do without you  
I couldn't do this alone

You give me faith and hope  
And the courage to carry on and on and on
