There's a troubled wind a blowin' through my crazy life  
I feel the chill begin, it's gonna be a long, long, long  
night  
I hear the thunder roll but I don't fear the lightning  
strike  
'Cause deep inside I know I'm gonna make it through  
alright

So let the walls come tumblin' down  
Bring on the last sunset  
I ain't moving to heartbreak town  
The party ain't over yet  
Yeah, let the devil do his worst  
But don't take any bets  
That life has finally quenched my thirst  
The party ain't over yet  
Not yet

Every drop of rain that ever fell into my life  
Helps me ride this pain, they were a blessin'  
In disguise  
And I know in time this'll soon be yesterday  
Nothin' I can't climb, I've got the will to find the way

So let the walls come tumblin' down  
Bring on the last sunset  
I ain't moving to heartbreak town  
The party ain't over yet  
Yeah, let the devil do his worst  
But don't take any bets  
That life has finally quenched my thirst  
The party ain't over yet  
Not yet

So when the morning comes  
I'll do more than just survive  
I'll walk into the sun and live until I die

So let the walls come tumblin' down  
Bring on the last sunset  
I ain't moving to heartbreak town  
The party ain't over yet

Yeah, let the devil do his worst  
But don't take any bets  
That life has finally quenched my thirst  
The party ain't over yet  
Not yet

Hey, hey, the party ain't over yet  
No, no, the party ain't over yet
