All them backstabbing foes  
Standing in my way, always stepping on my toes  
Stealing my style even wearing my clothes  
Fuck all them haters so fuck all them hoes  
[X2]

So  
Fuck all them haters  
Saying that my music's not deep  
I'm gonna show these tree huggers how deep they can  
Suck dick  
And while everyone's practicing all this ambient dub  
Shit  
The handsome B.R.G. is the one to raise the notch a bit

So  
Fuck all them haters  
Saying that my music's mid-range  
Strange, I got so many p... I can spare you with change  
All these bitches treat me like I'm a rockstar  
While my music conquered continents  
Yours doesn't get so far

So  
Fuck all them haters  
While they're being studying the ABC  
My words aren't so basic Coltrane, Angstrom,  
Stravinsky  
It's always been part of my life  
We close like Clinton and Lewinsky  
So what you fucking fool? You think that you can  
Fucking teach me

Fuck all them haters  
Saying that my lyric's too dirty fool  
I can't call you a man  
You don't pass the the minimum of one testicle  
I've heard that your girl likes to wear the strap-on  
And that you bleed so fucking hard you need to shove  
a  
Tampon

All them backstabbing foes  
Standing in my way, always stepping on my toes  
Stealing my style even wearing my clothes  
Fuck all them haters so fuck all them hoes  
[X2]

Yo, I flies the media man  
I'm wittier, prettier  
Then these motherfucking foes which I be easy  
superior  
When inferior  
My man they, yo, just listen  
I rape this fucking beat  
And then I beat it to submission  
I'm saying  
Fuck these foes  
I'm saying fuck the intermission  
I'm saying  
Fuck these foes  
I know exactly what you thinking, foney  
How ass kissing and dissin' and started wishin they can  
Be me  
I got everybody convinced except for I  
But still I'm on the road to sky-high  
Off to the bigger and better not saying goodbye  
Always saying I would never settle in for miles

(Still I never questioned friends  
Cause you can stuff friends with an Y)?

All them backstabbing foes  
Standing in my way, always stepping on my toes  
Stealing my style even wearing my clothes  
Fuck all them haters so fuck all them hoes  
[X2]
