(chorus)

girls we wanna  
we wanna, wanna  
we wanna have fun, have fun  
girls, girls we need to have fun, fun  
girls, girls lets have fun, fun, fun, fun  
lets have fun, fun

it's the weekend  
time for meeting  
all my dogs will go creeping  
spending dub after dub  
I'm wide awake in the club  
with no love for the hatas  
in the V.I.P. that hate us  
in the mix huffing and puffing  
well all of that don't mean nothing  
no bluffing, we whilling, go carry on to criss styling  
all night we laughing and smiling  
silk suites and gators we styling  
so sweet just like a pamper  
putting musical hits down for Tampa  
from Washington to Atlanta  
from Havannah to Savannah  
please can have a little fun  
hit the floor we shake a little butt  
with my left leg down my right leg up  
tilt my head back then finish the cup, huh  
nigga what nigga what  
lie and direct me I'm the one  
and the reason we come is to have a little fun cuz

(chorus)

girls we wanna  
we wanna have fun, have fun  
girls, we need to have fun, fun  
girls, lets have fun, fun  
girls with my girls, girls we wanna  
I'm gonna have fun, have fun  
girls, I need to go out, out  
girls, give it up one time, time  
girls, girls, girl girl

(69 Boyz)

shorty why don't you and your friends  
take a little trip with me in my Benz  
you ain't a brotha thrill from the coat  
your girl in the back far from your boat  
chilling up in my S-T-L  
go get me room in the T-E-L  
lock it down like a C-E-L  
so I can waive your B-E-L  
huh, go and turn it down  
you know what them 69 Boyz about  
we don't play no mood no funk  
and I bet we can make you shake yo rump

fun if you want it come get it  
and if you see admit it  
girl you can hit and split it  
just go play wit it, aow

(chorus)

girls we wanna  
we wanna have fun  
girls, we need to have fun  
girls, lets have fun  
girls, with my girls we wanna, we wanna  
I'm gonna have fun, I'm gonna have fun  
girls, with my girls  
I need to go out with my girls, my girls  
give it up one time for my girls

we all into the mix roaming  
strolling just roll it  
benjamins we hold it  
with a gold thirty spokes rolex  
I'm folding them papers  
dissolve into vapors  
I got a trunk full of papers  
with a gangsta to wake up the neighbors  
I'll make ya get down  
all the way to the ground  
from Canada to Cancoun  
back across the late line a doom  
boom coming out ya speakers  
I'm breaking you like a beepa  
close ya eyes and I'll creep ya  
hit the Marriot and I'll freak ya  
like Heavy-D and Monifah  
big time just like Latifah  
guaranteed to make ya get weaker  
like a boom the bass is gonna keep ya

and beat ya like Tyson  
if you don't believe me go ice it  
all the bills we sike em  
so high like Toni Braxton  
if you wanna get with this action  
show em off like Michael Jackson  
or sream like Janet  
so funkdaified you can't stand it  
huh, nigga what nigga what  
lie and direct me I'm the one  
and the reason we come is to have a little fun cuz

(chorus)  
girls, girls we wanna, we wanna  
we wanna have fun, have fun  
girls, girls we need to have fun, fun  
girls, girls lets have fun, have fun  
girls, girls with my girls, girls  
I'm gonna, I'm gonna, I'm gonna have fun, have fun  
girls, girls I need to go out
