hoop all in yo
face gonna hoop all in yo face come on now hoop all in
yo face gonna
hoop
all in yo face one time gonna ho-o-o-o-p all in yo face

So you wanna go toe to toe but that aint wise to do now
I suggest that
you think this through and then go call your crew
'cause you 'gon need a
little help, a matter of fact all the help you can
get'cause country folk
from the dirty south aint the folk to play with. now I'll
admit sometimes
some folks just understand but on the real it appears to
me you gon learn
fist hand now if thats the deal on how you feel then
name the time and
the place and me and my crew will be glad to hoop to
da hoop all in yo
face baby.

hoop all yo face gonna hoop all in yo face yah baby
hoop all in yo face
gonna hoop all in yo face come on now hoop all in yo
face gonna hoop

hoop in yo face

yall aint ready yall aint ready come on now yall aint
ready yall aint
ready so ya better belive that yall aint ready yall aint

ready yeah baby
yall aint ready yall aint ready one time

we aint tryin to scare ya up yall we lettin' you know that
it aint no
games when it comes to the 65 plus 4. 'cause we take
time to do it right
uh and that there's for sure and once we do it you best
belive it's not
to be done be no more 'cause we take pride in dustin'
chumps off like it
no thang so if you and your little crew still belive yall
can hang then
do just like I said before and time and the place and
me and my boyz do
the do heee-oop in yo face

hoop all yo face gonna hoop all in yo face come on now
hoop all in yo
face gonna hoop all in yo face yeah baby hoop all in yo
face gonna hoop
all in yo face one time hoop all in face gonna hoop in yo
face

Dawg maybe you can explain 'cause I dont understand
how you 'gon
hang
when you aint even munch the man sittin' next to the
man dont get me
wrong you still get respect 'cause we were raised like
that to get with
this crew and let me tell you it aint no day like thar now
I done said
all I'm gonna say and I won't sat nothin' else 'cause you
got the facts
and it's up to you on how you gonna play yourself but if
you decide to
get with crew you better bring the base 'cause once we
start we aint 'gon
stop till you get hooped up in yo face

hoop all yo face gonna hoop all in yo face one time
