She's a woman when she's walkin' down the street
She makes you turn your steering wheels
She gives you throb and makes you sweat
All dressed up in black leather
Stiletto high-heels maybe some rubber
Don't burn your eyes she's dressed to kill
She's JUICY JUICY LUCY
She's gonna teach you high-class pleasures
You will learn that pain's a treasure
She's pushin' the limits you're beggin' for more
If you're a really naughty slave tonight
She's gonna punish you that's right
She locks you into a cage and loses the key somewhere
She's JUICY JUICY LUCY fulfill my dreams
