Here kitty-kitty, here kitty-kitty-kitty
Aw, kitty kitty
(Here kitty-kitty, here kitty-kitty-kitty)
I thought I saw a puddy tat

Here kitty-kitty, here kitty-kitty-kitty
Aw, kitty kitty
(Here kitty-kitty, here kitty-kitty-kitty)
I thought I saw a puddy tat

What you doin'?
Nuttin' hon', uhh, uhh, I'm just nuttin' hon'
What you doin'?
(Nuttin', hon', aww, honey hon')

What you doin'?
Nuttin' hon', uhh, uhh, I'm just nuttin' hon'
What you doin'?
(Nuttin', hon', aww, honey hon')

Like I said, the party ain't dead
These girls ain't even scared to give head

Girl, stop tryin' to be smooth
Make way for a brother to make the first move
You're tryin' to act nice and sweet
'Cause I know that you is a freak

So let a brother lick them paws
And run the tongue on the G string draws
And tease the kitty just a little
Then stick my pole in the middle

Before I hit, let me ask
Did the dogs done hit in the path
'Cause if they ain't got they shots
Then the kitty might not get got

They say it ain't got a bad bone
In any ol' eyes, it's gold
So girl, don't act seditty
Just give a brother some of that kitty

Here kitty-kitty, here kitty-kitty-kitty
Aw, kitty kitty
(Here kitty-kitty, here kitty-kitty-kitty)
I thought I saw a puddy tat

What you doin'?
Nuttin' hon', uhh, uhh, I'm just nuttin' hon'
What you doin'?
(Nuttin', hon', aww, honey hon')

Like I said, the party ain't dead
All these chicken heads just scared!

Kitties is cool and all that
But I like the real big cats
See, a cat got a little more strength
So they can take a little more length

You gotta feed a kitty real slow
But a cat can take a little bit mo'
So lay on down on the silk

So you can get a bowl of this milk

Then let's do it like dogs
I wanna see ya climb the walls
And once I get in them guts
I'ma do that straight cat strut

So please don't make a brother beg
To get inbetween them legs
Come on girl, have some pity
And give a brother some of that kitty

True dat, true dat, true dat, true dat
True dat, true dat, true dat, true dat
True dat, true dat, true dat, true dat
True dat, true dat, true dat, true dat
