Grip them hips and balls the ride

Open up and let me come inside
Take me on a donkey ride
Wanna make that body jerk
Aint no time to play just do it at work
Cuz im a bizness man taking care of bizness
Can I get a witness (yeah)
So come on over you little devil
Let me take it to another level
Were gonna get sick like bushwick
Cause I need a donkey quick
So let me ride that donkey all the way down
I got ya making them freaky sounds
Gonna jump the freak and im up and rhymed
I don't need a long relationship
Just hit it quit and dip

Just gimme that donkey but and them big ole legs
I aint to hard to beg
Aint no shame in this game

Ive been watching you on the floor
They way you moved made me want you more
I like the way you strut
Shaking that big ole donkey butt
Id do anything for it, what
Cause Im about to heel and steal a feel
That big ole butt make a preacher wanna kill
For real tho
Cause you go girl I wanna rock your world
Get down the curves
Your curves got me prayin
The way your kicking them things
I wanna lay low a long hard and late
Please
Ive been bringing them down ever since
Im about the size of the French
Sse I know how to satisfy ya
Give me the goods that money can't buy ya
If I ever wanna try ya
So give me that funky, chunky, dunky
Wind it, grind it I don't mind it
Of st. louis im the finest
Back that butt up and make a beat
And im gonna ride that donkey to sleep

So gimme that donkey but and them big ole legs
I aint to hard to beg
Aint no shame in this game
Im gonna break it down and beg like jane
Please..please..please
Let me ride that donkey donkey
Let me ride that donkey donkey (yeah)
Let me ride that donkey donkey
Let me ride that donkey donkey(yeah)
Let me ride that donkey donkey
Let me ride that donkey donkey(yeah)
Please..please..please

Ride that donkey like crazy
Break it down and wind it in late
The way you work to free the maze
So smile like your having fun
Now show them freaks how it supposed to be
Break it down now side to side
Take me on that donkey ride
Let me show you all how to get buck wild

Im doin that donkey Georgia style
Im humpin it while your pumping it
I got ya on the run
Im doin real good freak
Like it's supposed to be done
So put a smile on your face Yeah
