(69 Boyz)

Yeah though I walk through the valley of the shadow of death

I will fear no evil

My god wit me, is that right

And I stall they come for me

(69 Boyz)

Ugh

Now I lay me down to sleep

But before I do god we need to speak

Seem like weeks since we last talk

And although you know my thoughts

I still need to see it

So we can chit so we can chat bout this and that

Cause when we don't talk I feel deprived

Lost on the out and the inside

Hide I can't no not for you

Cuz you know everything that I do

The ups the downs the way I live

But all my sins you seem to forgive

No whatever what it is that I do

You stay true you come through

A friend when there wasn't a friend to be found

And when they lay me down in the ground

I pray that you accept my soul

Regardless of all the dope that I sold

Regardless of all the stuff that I stole

Regardless of all the lies that I told

And all the stuff that I used to do

Before I really got to know you

Though sometime I talk the talk

And though sometime I walk the walk

Lord please understand

That I am only a man

Doing everything I can to be strong

Just try my best to hold on

Had my gold on in the club tonight

And on my way home I almost got jacked

I buck he shot but ain't no way

He shoulda missed me two feet away

Unless of course you pardoned me

And had your angels guardin me  
And all I can do is thank you sir  
But it's so much more I can thank you for  
Like when I was at the peak of my fame  
But ain't have a dime to my name  
You still gave me a place to rest  
Now one of my cars got repossessed  
Oh yes your blessing is evident  
So the least I could do is represent  
Tell these kids there's a better way  
Then robbing stealing killing and dope dealing  
Been there done that yes I have  
God bless those who still on the ave.  
Forgive em for all the things that they did  
In pursuit of feedin they kids  
God because it ain't our fault  
This ghetto always been taught  
But it's our fault if we don't learn  
Cuz if we don't learn then we gonna burn  
And I put up with the mugging now  
But I can't deal with no fire  
So hell ain't the place for me  
Or anywhere else without some ac  
And I may be so outta line  
To pray my prayer to you in a rhyme  
Disrespect I do not mean  
I just put it in a rap cuz I do not sing  
Some gonna call me a hypocrite  
Cuz I deal a record like this  
But this song here ain't for the flo  
I ain't even do it for the radio  
I did this to diss our feel  
And what I feel is so real  
Put that on everything that I love  
One god, one judge

(chorus)

One god, one judge  
One god, one judge  
One god, one judge  
One god, one judge

(69 Boyz)

God I don't mean to tie up your phones  
I know the line to talk to you is long  
Millions of calls on your switchboard  
And there's only one of you lord  
So Ima bring this to an end  
Please bless my family and friends  
Bless that young unguided child  
That just got sent to the juvenile

Bless my dogs on the avenue  
That's out there doing what they got to do  
Help them to see money nor gold  
And worth from losing they soul  
My dogs on paroll bless them too  
One time for the boys in the county blue  
Bless all the mothers come to you crying  
Wondering why they babies keep dying  
Help us keep trying help us to teach  
And tell these preachers that they need to preach  
Unfaithful not to be fake to teach  
Playa hatas it's wrong to hate  
God is late so Im bout to go  
We'll talk again tommorrow  
I asked it all in the name of your son  
Amen, I'm done
