Hey yo check this out  
I don't mean to sound like a fiend but  
Me and you make a better team than  
Hot dogs and pork & beans  
And I dig the way that you turn me on  
Last night at the Radison  
All alone me and you  
Wildin out and we comin through  
The way your kisses straddle me  
With the moon light on your anatomy  
Head full of weave with the candy curls  
Smelling all good and the tommy girl  
And I can't say what the fucks out the south  
Girl you bout the best around  
Sugar spice oh so nice  
Better than a bowl of red beans and rice  
Sweet tea and ice wouldn't it be nice  
If two nights we could unite  
And go get a room down at the 8  
And like at the one twin at the fate  
Girl I wanna stomp and shake up the cat  
And make the head board go rat tat tat tat  
All night long until you had enough  
Of that good ol sicky stuff

And girls they come in runnin over again with that  
STICKY 24-7

Your sticky good I can't lie  
It taste just like a peach knee high  
Backed by a bag of funjuns  
And course l'ts going to smell like onions  
Butt more so like pork and beans  
Girl I don't know what come over me  
But something strange is going on  
Cuz I want you more than Tony Braxton  
Eww wee that's deep I should hang up and give you a  
beep  
So I can stop this babiling  
And go to work on your abdomen  
With a lil bit flavor or a lil of wine

Then I can turn into a porcupine  
And stick you good like a staple pin  
Drop a lil bass up in your bed  
Drink your body like lemonade  
Tight a lick like a lick she really came  
Bite your neck like Dracula in the back seat of your  
acura  
Cuz your sticky is the best it is  
So when you check your messages  
Pick up the phone and hit me  
So you can get with me

The girls they comin runnin over again  
runnin over again runnin over again  
and the girls they come in runnin over again with that  
STICKY 24-7

But they will never admit it  
They try to act all Hollywood  
But you can best to believe that they wit it  
Y'all sticky come with an attitude  
And don't appear to be nice  
But if you take your time and break it down then their
