Well i'm truckin' on on a heavy load million miles  
From home gotta movin' on all night long baby come  
along to hell  
And back like a heart attack best ride you ever had  
And i'm comin' to you gonna blow your fuse watcha  
gonna do  
Gotta get high and real loaded gotta get back to the  
gator  
Sweat blues gotta get high and real loaded livin' on the  
edge  
In the dead man's shoes well i'm drivin' amok  
doggone's my luck  
But i don't give a fuck and i'm feelin' mean bleedin'  
gasoline  
Would you lick it clean everybody needs dreams to ride  
on by  
But what i need is to see my name shinin' on the neon  
lights truck on baby
