Here I am, comfortably here
All you other angels, you should feel inferior
Picture me affected by you not
Perhaps you'd like to fire a few desperate words
Of aggression, yeah
I'm affected by you not
Perhaps you'd like to take the world out on me
It's a fashion, yeah
I'm affected by you not
Here I stand, open and relaxed
While you push and prod and think you're gonna bruise
this girl
All I am is exhausted by the bitterness
There you go, show another great lack
Of compassion, yeah
I'm affected by you not
Anybody tell you, it's rude to abuse
Someone's passion, yeah
I'm affected by you, no, I'm not

I'm affected by you, no, I'm not
