She's an angel, but she sins sometimes
Dressed in white, gets drunk on red wine
Everyone loves her but a child plays for pleasure
And she'll play with your heart until
She breaks down your defenses one by one

So line up your soldiers and she'll shoot them all down
'Coz Alisha rules the world
You think you found a dream, then it shatters and it
seems
That Alisha rules the world

For her love of power and she's as fragile as a flower
But you better line up your soldiers and she'll shoot
them all down
'Coz Alisha rules the world

Alisha always walks where angels fear to fly
Perfection, baby, you know you're qualified
Everyone loves her but a child plays for pleasure
And she'll play with your heart until
She breaks down your defenses one by one

So line up your soldiers and she'll shoot them all down
'Coz Alisha rules the world
You think you found a dream, then it shatters and it
seems
That Alisha rules the world

For her love of power and she's as fragile as a flower
But you better line up your soldiers and she'll shoot
them all down
'Coz Alisha rules the world

And when it all comes down, you realize
It's just her playful heart inside your mind

So line up your soldiers and she'll shoot them all down
'Coz Alisha rules the world
So line up your soldiers and she'll shoot them all down
'Coz Alisha rules the world

Alisha rules the world
You think you've found a dream
Alisha rules the world

Line up your soldiers and she'll shoot them all down
'Coz Alisha rules the world
You think you found a dream, then it shatters and it
seems
That Alisha rules the world

So line up your soldiers and she'll shoot them all down
'Coz Alisha rules the world
You think you found a dream, then it shatters and it
seems
That Alisha rules the world

So line up your soldiers and she'll shoot them all down
'Coz Alisha rules the world
