Don't look no more,  
'cos it'll only make your eyes sore  
Hey! Count your R.E.M's,  
It's comforting the sanctuary there we have  
(ooo oo, we argue sometimes and we fear we put the  
knife in too deep  
but even when madness heads, it's only gladness I  
keep inside inside)  
So give me a sign

'cos we are indestructible  
Yes we are  
And you are my life-line  
And we are indestructible  
Yes we are, mmm

Do do, do do, do do, do do, do do, do do

Hey, hey, you can be wicked  
And you know I can be fickle sometimes too, y'know  
Maybe you're my better side  
(better side)  
Or maybe you annoy me to the point of where I'm  
holding this  
(gun against your head, but I never said we have the  
same free spirit,  
tell me will you cry? Don't cry)  
So give me a sign

'cos we are indestructible  
Yeah we are  
And you are my life-line  
And we are indestructible  
Yes we are, mmm

Do do, do do, do do, do do, do do, do do, do do

You take me as I am, mister  
I've a little red devil on my shoe  
You always stay real strong  
You can take the rough with the smooth

And I know that we forget what we mean to say  
Too proud sometimes  
Guess we're only human

'cos we are indestructible  
Yeah we are  
And you are my life-line  
And we are indestructible  
Yes we are  
So give me a sign

'cos we are indestructible  
Said we are  
And you are my life-line  
And we are indestructible  
Said we are  
So give me a sign

'cos we are indestructible  
Said we are  
And you are my life-line  
And we are indestructible  
Yes we are  
So give me a sign
