She works the nightshift  
But she swears she only sees the sun  
(sun)  
Dreams of going back some day  
But she still gets the job done  
She sees his face in every corner of her mind  
(mind)  
Why did she have to fall so deep when she's left so far  
behind  
And she sleeps like a baby in her Japanese Dream  
(la la la la la la la)  
And she flies like an angel in her Japanese Dream  
(la la la la la la la, ooh yeah)  
(la la la la la la la)  
She writes him pages full of tear stained memories  
It's so very hard for the girl when all she wants to do is  
Get back to his arms  
Oh do you miss me like I miss you?  
And she pines like a baby for her Japanese Dream  
(la la la la la la la)  
And she waits patiently for her Japanese Dream  
(la la la la la la la, ooh yeah)  
Japanese Dream  
(la la la la la la la)  
If he asked her tomorrow she would drop everything  
and marry him  
(ooh)  
All she things about is his slender body on her skin  
So waits her one way ticket to her Japanese Dream  
(la la la la la la la, ooh yeah)  
Japanese Dream  
(la la la la la la la)  
Her Japanese Dream  
(la la la la la la la, ooh yeah)  
(la la la la la la la)  
She's gonna get him, gonna get there, gonna find him  
If it's the last thing, ooh she's been missing him  
Driving herself insane, count the miles on the map  
She's gonna get him, gonna get there, gonna find him  
If it's the last thing, ooh she's been missing him  
Driving herself insane, count the miles on the map  
It affects her everytime I say that he's got a hold on her

(la la la la la la la)  
Japanese Dream  
(repeat to fade)
