Ooh, it's just as much as I can bear
You're all around me, you are in the air
It makes me tremble at the thought
Of getting close to you

So save me from these thoughts that cross my mind
'Cause Heaven knows I'm a lady but I guess I'm
inclined
To feel this way when I think of you
And you know I'm gonna do it

Just the way u like it
Just the way u like it
It's cool to touch
'Cause I want you so much
And I'm doin' it
Just the way u like it

We'll sit at home and comparing minds
I'll read you poetry, the rarest you'll find
These crazy thoughts seem to rhyme
When I'm here with you

The candle flickers as we start to move
And the music's playing out our favorite groove
Under this moon I'm gonna make sweet love to you
And you know I'm gonna do it

Just the way u like it
Just the way u like it
It's cool to touch, 'cause I want you so much
And I'm doing it just the way u like it

Just the way u like it
Just the way u like it
It's cool to touch, 'cause I want you so much
And I'm doing it just the way u like it

And in this dream of endless space
Our bodies moving set the pace
Experimenting with infinity
I'll tell you the secrets tonight

Because you know I'll see you right

Just the way u like it
Just the way u like it
Just the way u like it
And I'm doing it, doing it the way

Just the way u like it
Just the way u like it
It's cool to touch, 'cause I want you so much
And I'm doing it just the way u like it

Just the way u like it
